

## TECHNICAL DATA SHEET

### WAFFLE TACK RAG

**Article number:** **48011**

**Intended use:** Car refinishing Product/Cleaning

**General characteristics:** Has a technical structure which removes dust from the surfaces after sanding.

**Product characteristics:** This cotton tack rag is impregnated with a unique formulation of resin and oil based on water, and it never dries out!  
 It's special shrunk waffle shape allows dust particles to penetrate deep into the fabric!

#### Usage:

The Tack Rag is approved in the OEM industry around the world! It's produced with 100% virgin polyester fibres who don't lint neither contain any silicone! The impregnation formulation assures the pick up of the microdust on the surfaces without leaving traces. The Hot Melt impregnation is made without using solvents! The tack rag doesn't dry out over time! Our Tack Rags are therefore suited to be used in combination with water based paints and coatings !!!
