Revision date: 05.05.2025

AEROSOL SILICONE REMOVER

Article number:	26070
Colour:	transparent
Intended use:	Car refinishing product/Cleaning agent
General characteristics:	<p>Thoroughly removes silicone, grease, oil, wax, dirt, tar and adhesive residue from surfaces to be treated. Improves adhesion to the surface, making it ideal for use in spot repairs or other purposes where professional cleaning is required.</p> <ul style="list-style-type: none">▪ simple, time-saving application▪ mild, non-aggressive solvent▪ safe for all surfaces, leaves no residue <p>Fields of application:</p> <ul style="list-style-type: none">▪ metal▪ glass▪ plastics▪ old and original paintwork▪ painted and unpainted undercoats▪ cured and solvent resistant primers and fillers

TECHNICAL CHARACTERISTICS**Base:** organic solvents**Smell:** characteristic**Consumption:** 1.25 - 1.75 m² (500 ml)**APPLICATION PROCESS**

Before use, carefully read and observe the warning texts on the label!

Processing conditions:

Please only use in an adequate ventilated environment with an ample supply of fresh air. Processing temperature should be from +10 °C to +25 °C and max. air humidity should not exceed 80%.

**Processing tips:**

- Wear a respirator (type A2/P3 is recommended)
- The aerosol should have room temperature
- Before use, shake the aerosol for 2 min and spray a sample
- Spray the surface to be treated evenly and wipe with a clean, dry, non-woven cloth
- Repeat the treatment, until the contamination has disappeared
- Let evaporate well the cleaned surfaces
- Clean the valve after use (turn aerosol upside down and press the nozzle for approximately 5 sec)

VOC regulation:

EU limit value: Category B/e 840 g/l

This product contains max. 700 g/l VOC

Shelf life:

120 months, if stored in tightly closed original containers.

This release replaces all eventually earlier issued versions.
