

**TECHNICAL DATA SHEET***Revision date: 13.02.2023***UNI THINNER**

<b>Article number:</b>	<b>13225, 13228</b>
<b>Colour:</b>	transparent
<b>Intended use:</b>	Car refinishing Product/ Thinner, Diluent
<b>General characteristics:</b>	UNI Thinner is an acrylic thinner for all two-pack acrylic products of all usual systems. The thinner can be used for adjusting the spraying viscosity or for improving the application in general as well as for cleaning the tools. Used concentration depends on the base product. Upon addition to the base product good agitation is recommended in order to obtain proper mixing. An acceleration of the drying process will take place if short flash off times are allowed between the spraying operations.
<b>Marking:</b>	VbF Universal thinner    A II
<b>Hazardous materials:</b>	ordinance inflammable Xn harmful contains xylene

This release replaces all eventually earlier issued versions.
